##### And What Have You

By BOB CRAIG

We received the following letter this week from Cheryl Lewis, Hamlin High School Band President:

Dear Mr. Craig,

As the band president for the past school year, I would like to extend my personal thanks to the fine people of this community and surrounding area for their unending support to the stage band's European tour.

Many people thought that \$30,000 could never be raised in such a small town as Hamlin, but I always knew that with hard work and a little encouragement from the townspeople, that such a goal could and would be achieved.

I believe that nearly every individual in Hamlin contributed in some way or the other. Contributing newspapers, aluminum cans, buying social security plates, cakes and pies, tickets to the suppers and other events, and purchasing items from the rummage sale; all combined together, with the donations, made up our \$30,000. I would like to commend each and every person for bearing with us these eight months as we raised our money. Thank you again so much, and may God richly bless you.

Sincerely,  
Cheryl Lewis

Ran across the following bit of wisdom in a recent news release for the Texas Department of Highways and Public Transportation as it is now known.

Take some folding money out of your purse or billfold and if the prominent letter on the front (left of the portrait) is something besides a "K," that money originated outside of Texas.

And according to the news release, fortunately for the more than 600,000 Texans whose livelihood depends upon the state's tourist industry, those out-of-state dollars are flowing into Texas at increasing rates.

Visitation to Texas Tourist Bureaus so far this year has shown an impressive increase over 1974. In fact, with 699,384 visitors, it is an increase of 33.6 percent. That total even exceeds the same period during 1973, which was a record-breaking year for Texas tourism.

Walter Buckel in the Lamesa Press-Reporter tells of two ladies who were discussing the upcoming jubilee. They could not agree on whether a former class member was still alive. One was fairly certain she had read his obituary.

The other lady was not certain that he should be listed among the deceased members. "What if he shows up for the jubilee after we

#### Fund Launched For Bill Hudgins Family At Bank

A special fund to aid the Bill Hudgins family has been set up at Farmers and Merchants National Bank and over \$300 has been contributed. Hudgins, a victim of a gunshot wound at his home May 31, is a patient in room C704 in Hendrick Memorial Hospital in Abilene.

Anyone wishing to contribute to the fund may send a check or money order to the Hudgins Fund at the local bank in care of Donald Young, vice president. Deposits may also be made at the bank to the special fund.

The Hudgins family, including his wife, three daughters and two sons, have moved to Abilene temporarily.

## Tennis Tournament Termed A Success

The first City-Wide Tennis Tournament, sponsored by the Hamlin Board of Community Development, was termed a success by the committee co-chairmen as a large crowd of spectators and players took part.

The two-day tournament opened with the first round of play Saturday and finished up with the finals Sunday. Co-chairmen for the event were Marolyn Weaver and Gary McMillan.

The tourney drew participants from a broad area with some from as far away as Dallas.

Results in the nine divisions were:

BOYS' SINGLES 10-12—1st—Mark Young, 2nd—Richard Winegeart.

BOYS' SINGLES 15-18—1st—Bennett Cook, Aspermont; 2nd—Judge Ward, Aspermont.

## Free Health Survey Clinic To Be Held Here Saturday

A General Health Services Program free to the public will be held here Saturday to screen citizens for tuberculosis, diabetes and hypertension.

The free testing program to be held from 9 a.m. to 4 p.m. in the high school building is conducted by the Texas Public Health Region 4 staff and will be held under the sponsorship of the Hamlin Lions Club.

Chairman of the local program is Lion Cleburne Murdoch, who is also

chairman of the health committee of the Hamlin Board of Community Development.

The TB test will be given Saturday and read Monday morning from 8:30 to 9:30 at the school.

Murdoch said Tuesday that volunteers would be needed to assist in registration. Professional nurses will be aiding Region 4 personnel in the testing.

Marie Boyd, public health nurse of Region 4, with office in Roby, spoke to the local

club recently and outlined the purpose of the survey and cited what is hoped to be gained.

A similar survey was made in Anson recently, she reported, and of the over 200 persons screened, 66 were found to have tuberculosis, some with diabetes and still a number of others with high blood pressure.

The nurses do no treating as such; rather they refer the patients to doctors. However, in the case of diabetes they do help work out diets and plans

for those who have the Hamlin citizens may help with the local program by providing transportation, registering persons at the survey site, and most important, to meet people and encourage them to come to the survey center.

Mrs. Boyd, who is in Stamford each third Wednesday from 10 a.m. to 4 p.m., is at the Family Planning Center in the Carnegie Library Building to consult with persons on health problems.

#### BECAUSE OF MARCH FIRE —

## School Studies Several Changes for Fall

A number of changes in the local school program are being studied by the administration for the coming school year. Most of the changes are the result of the crowded conditions caused by the March 26 fire that destroyed the junior high school building.

One of the major changes will be moving the eighth grade students into the high school building for the coming year, according to Bob Hawes, superintendent.

Between the time of the fire and the end of the school year just past, the eighth grade students were housed in the Reading Center building along with the seventh grade. The sixth grade students were housed in the Elementary Building.

Present plans call for the eighth graders to be placed in the high school building to provide adequate science laboratory experiences and adequate physical education

Visiting in the home of Mrs. Tom Routh over the weekend were her daughter, Mrs. W. E. Brown of Midland, and her grandson and family, Mr. and Mrs. Thomas B. Shelburne, Tommy and Sarah of Grand Rapids, Mich.

facilities. This change will also permit the sixth grade students to be moved into the Reading Center and relieve the crowded conditions that existed in the elementary building.

With the sixth graders in the elementary building it restricted the science program at the elementary level and caused the music program to be moved from a classroom into the stage area which was not a very good situation, according to Hawes.

Again because of inadequate facilities, some thought is presently being given about the seventh grade football program for the coming year. At the present time, Athletic

Mr. and Mrs. Joe Kethley of Waco and Mr. and Mrs. Russell Kidd Jr. of Greensboro, N. C., returned to their homes after spending Father's Day weekend with their parents, Mr. and Mrs. R. E. Kidd of Sylvester. Other guests were Mr. and Mrs. Woodrow Kidd of Spade.

Mr. and Mrs. Buren Carlton are at home after Mr. Carlton's several weeks' stay in an Abilene hospital.

Director David Bonds is considering going to an intramural program for this one year.

At the high school level the major change will be initiating what is known as a zero period with this class starting at 7:40 in the morning. This period will be primarily for athletics and vocational classes. Regular classes will start at 8:40 and run to 3:45.

School buses will run approximately 20 to 30 minutes later than they did this past year.

The goal of the zero period is to provide the time and periods to offer the college bound student the subjects he or she will need for college entrance and to provide the co-op-vocational student more time for employment.

Supt. Hawes also an-

## Patricia Cowan, Patrick Whiteley Exchange Wedding Vows In Dallas

The Chapel of the Cross, Tyler Street United Methodist Church in Dallas, was the setting for the Saturday evening marriage of Patricia May Cowan and Patrick Levy Whiteley. The Rev. Paul Morrell officiated.

The bride is the daughter of Mr. and Mrs. David Wood Cowan. The bridegroom's parents are Mr. and Mrs. Edward Austin Whiteley of Killeen.

Mary Anne Britt was organist and Bill Bennett was soloist.

Patti Murphree of Irving was maid of honor and Mrs. Robert Hunter of El Centro, Calif., was matron of honor. Bridesmaids were Beth Craig and Mrs. Marvin Keith Jr., both of Fort Worth, Mrs. Larry Gilbert of Houston and Leslie Cowan of Atlanta, niece of the bride.

Larry Gilbert of Houston was best man. Groomsmen were Eddie Whiteley of Austin, Mike Whiteley, of Killeen, both brothers of the bridegroom, Bill Johnson of Dallas, David Stovall and Tommy Gilbert, both of Houston.

Ushers were David Cowan of Atlanta, Joe Cowan of Hamlin and Max Cowan of Walnut Creek, Calif., all brothers of the bride.

Presented in marriage by her father, the bride wore a gown of chantilly lace over taffeta designed with fitted bodice, a ruffle of lace at the neckline, bouffant sleeves with wide fitted cuffs and full skirt edged with wide lace ruffles extending to the chapel train. She carried a white gardenia circled with white rosebuds, blue chrysanthemums and babies'-breath atop a white Bible.

Attendants' gowns of pale blue featured short ivory lace circular sleeves, deep V necklines and attached sashes at the high rise waistline. Each carried two long stemmed white rosebuds.

The reception in the church parlor was hosted by the bride's parents.

June 30 the couple will be at home on Country Creek Drive in Dallas after a wedding trip to Galveston.

The bride is a 1969 graduate of Hamlin High School and received a BA degree in English from the University of Texas at Arlington in 1972. She was a member of Sigma Tau Delta national honor society for English majors and is employed by the Army and Air Force Exchange Service in Dallas.

The bridegroom, a 1969 graduate of Killeen High School, attended the University of Houston. He is employed by the Texas High-

way Department in Dallas.

The rehearsal dinner was hosted by the bride and bridegroom at Holiday Inn in Duncanville.

The bridesmaids luncheon was held in Arlington in the home of Mrs. Mike Murphree of Irving and Mrs. J. O. Murphree of Hamlin assisting as hostesses.

### FAMILY LIFE EDUCATION—

## New Baby At Home

Those first hectic weeks of adjusting to a new baby in the house are complicated by the fact that your infant is distinctly individual, one authority said this week.

Necy Wilburn, County Extension Agent, noted that each infant reacts differently to parents, other people and his immediate environment.

"Parents should be alert to their infant's temperamental characteristics and conscious of their own expectations of the newborn," she said.

"Each baby's temperament is different from that of sibling. If parents try to compare his behavior to brothers and sisters when they were the same age, they

see his difference," she continued.

Parents are more likely to understand and enjoy their baby when they can discuss personal feelings and observations of the infant's behavior. This helps eliminate unrealistic ideas about child rearing, the agent said.

Family members will enjoy and understand the baby more if they are alert to the baby's temperamental characteristics.

Mrs. Wilburn suggested some signs of the baby's behavior to notice.

"How active the infant is and how quickly he adjusts to change in daily routine and his immediate surroundings. — Some babies are more sensitive than others to light, noises, temperature changes, and taste and texture of food variations," she explained.

"The infant's regularity in eating, sleeping, walking and elimination.

"A baby's general mood during this waking hours and the intensity of his response to interaction with others.

"How attentive and persistent the infant is.

"Some infants may be easily distracted by sounds or sights, while others may be intent on some activity for long periods," she continued.

"None of these charac-

### Homemakers Class Holds Installation

Mrs. J. O. Murphree was hostess for the Thursday evening meeting of Homemakers Sunday School Class of First Baptist Church. She was assisted in serving refreshments by Mmes. Eugene Baker, Bob Craig and Charles Absher.

The serving table was covered with white with a centerpiece of blue shasta daisies and babies'-breath.

Special guests were the bride's mother, Mrs. D. W. Cowan of Hamlin, and the bridegroom's mother, Mrs. Edward Whiteley of Killeen.

Installed were Mrs. Bill Shira, teacher; Mrs. Bo Newland, outreach leader;

Mrs. Eugene Baker, secretary-treasurer; Mrs. Melvin Scott, reporter; Mrs. Bob Craig, mission action chairman; Mrs. Dickie Wallace and Mrs. Edgar Lewis, group leaders.

Other officers are Mrs. Joe Wayne Carter, assistant secretary; Mrs. Ken Riddle, Mrs. C. L. White, Mrs. Rex Reynolds, and Mrs. Bob Hawes, group leaders.

# FROM THE FILES . . .

## FIFTY YEARS AGO

(June 26, 1925)  
Just after noon Monday the people of the North end of Central Avenue were almost shocked by the flash of an automobile, and only the keenest eye could catch the words "Barrow Furniture Co." It was the new ambulance of the company at Stamford. It was driven by Mack Kennedy and was headed for Sweetwater on a hurry call. He took the road from Stamford to Hamlin at 80 miles per hour, but the people who saw him go down the paved Hamlin street called it 90 miles per hour. The ambulance has right to all speeds and either side of the road.

At the Wednesday evening prayer meeting of the Baptist Church, the call for a new pastor was taken up and the vote resulted in asking Rev. Littleton of Cross Plains to take over the leadership here.

The Herald is requested to run the following notice this week and next as advance information that the public will not be inconvenienced by coming to town to trade and find certain stores closed. The following stores and banks will be closed all day July 4. They urge the buying public to make their purchases on Friday, July 3. Nobles-Bro-Wood, Co., York's Variety Store, Hamlin Dry Goods, Co., Strauss Dry Goods, Co., Barrow Furniture Company, The Grey Shop, F and M National Bank, D. J. Payne, Jones Dry Goods, Wall-Young Co., and the First National Bank.

Passenger service on the Orient Railway is to be facilitated by three modern motor car trains which have been purchased from the J. G. Brill Co., of Philadelphia for delivery during the early fall. This first group of trains is to be placed in service on the Texas Division. Two of the trains consist of a combination baggage and express car and one passenger car. The other is a single car for passengers and baggage.

## TWENTY YEARS AGO

(June 24, 1955)  
Swimming pool for the Hamlin community, for years the topic of discussion by scores of people interested in a recreation program for the area, is about to be realized. The pool proper was completed by the Velvin Construction Company of Midland Monday, and water was turned into the pool to set the plaster Monday afternoon. Diving boards, ladders and other pool accessories were to be installed within the next

## RX For Garden Ailments

### WORMING OUT WORMS

When it comes to prescribing for the ailing, the home gardener is very lucky. He needs to use only one effective broad spectrum insecticide to rid his garden or lawn of the bugs that are attacking it.

If you notice irregular dying or dead areas in your vegetable garden, with roots half eaten away, the cause may be wireworms, which gnaw away at roots. Wireworms are slender, shiny, hard-shelled worms often found in the root zone of a garden. They are usually rust-colored and 1/2 inch to 1 inch long. These larvae can spend up to six years in the soil.

Cutworms are another destructive insect which might be causing damage to your vegetables. Cutworms come out at night to chew off plant stems and newly set seedlings at ground level, especially on vegetables and flowers. They are smooth, fat, dull-gray, brown or black caterpillars. During the day they stay curled up in the soil, or hide under trash. The adults are somber-colored moths and are readily attracted to lights at night.

several days. The actual opening of the pool for business will probably be during the first week of July.

Hamlin section continues to be a mighty wet area, with a total of 5.80 inches having been registered by the government rain gauge at the city pump station for the month of June. Monday was the ninth day of the month to register rainfall, which is really something unusual for this region. And, although the rains have caused farmers a lot of extra planting, you will hear no gripes about the wet weather.

Hamlin City Council accepted the low bid of Central Fire Truck Company of St. Louis, Missouri, of \$6,764 on a new unit for the Hamlin Fire Department, when it met in regular monthly business session Tuesday night. The unit is to be delivered within 75 days. The bid is on the truck equipment only. Bid for the chassis was to be opened Thursday morning, cost of which was estimated to be about \$2,000. Additional hose equipment also will be added to the new unit, making the overall cost about \$11,000, city officials estimated.

## TEN YEARS AGO

(June 24, 1965)

Rainfall here Monday afternoon before 5 p.m. totaled .31 inches. Through Tuesday morning the rain measured .30 bringing the two-day total to .61.

New equipment added this week at the Hamlin Herald is a Journalist Scan-A-Graver made by Fairchild. With this machine pictures may be prepared for printing in the Herald office. With the Journalist, pictures may be enlarged or made the same size when making the plate for printing.

The Hamlin Semi-Pro team will play the Sweetwater Semi-Pro baseball team here Saturday at 8 p.m. at the Pony League Park.

Gary Smith was first and Gary Connally was second in the championship flight of the Jaycee Miniature Golf Tournament held Friday and Saturday at the Jaycee Miniature Golf Course in the City Park. Joe Ford was third. First flight winners were Ewell Mackey, first; Bill Chapman, second; and David Casey, third. Second flight winners were Donnie Jones, first; Daniel Truelove, second; and Peggy Jones, third. Third flight winners were Jerry Joiner, first; Tony Truelove, second; and John Hudson, third.

The annual Celotex picnic for all Celotex employees and retired employees and their immediate families will be held Saturday, June 26, with the evening meal being served at 5:30 p.m. The gathering will use the swimming pool and golf course from 6 to 9 p.m. If it rains, the picnic will be held in the high school gymnasium.

### And What Have You

—Continued from page One

put him on the list?" "No problem," was the reply, "We just give him the prize for coming the longest distance!"

Whether you are a track fan or not you should read the story in Sunday's Abilene Reporter-News about Hamlin's own Bill Cork. Feel sure that most sports fans probably read the article by Robert Heard of the Associated Press that gives a great insight into the pride and determination that this youngster possesses.

Local track fans have seen this pride and desire exemplified by Bill at meet after meet, but it is great to see that someone outside of his own hometown can get charged up over what this young man can do on a track.

And as the article so aptly points out, it goes far beyond just talent — it is Bill's heart and soul that will make him one of the top performers to ever put on a track suit.

#### CONG. BURLESON SAYS—

## Welfare Reform Legislation 'More Urgent Than Ever'

WASHINGTON, D. C.—Congressman Omar Burleson (D-Texas), author of a comprehensive welfare reform measure introduced in the House of Representatives on March 18, 1975, described the need for welfare reform legislation in this session of Congress as "more urgent than ever" in light of recent statistics released by HEW on growth in the AFDC program nationally.

"In its most recent release of caseload statistics," Congressman Burleson noted, "HEW cites an AFDC caseload of 11,239,611—the highest in history. This translates into the fact that one out of every eight children in this country is on

welfare—when it was one out of twenty just eight years ago. In some of the nation's largest metropolitan centers, the ratio has reached an incredible one in three."

Congressman Burleson joined with 74 co-sponsors in the House and 19 in the Senate to introduce the National Welfare Reform Act, which is designed to save \$1.7 billion in tax funds by closing loopholes and curbing abuses, enabling additional resources to be redirected to the truly needy. The provisions of the legislation include a gross income limit on those who may qualify for welfare, photo-identification and other fraud control measures, requirements on more effective use of recipient resources, more stringent family support requirements, and tightened work registration and participation rules.

"We cannot permit the caseloads of this nation to include, through usage of existing loopholes, persons with high incomes or persons who refuse to work or support their families," Congressman Burleson emphasized. "This is particularly true when the genuinely needy of this country have to forego grant increases when caseloads swell. Welfare reform legislation at the national level becomes more urgent with every passing day, and I hope to see hearings scheduled soon, followed by favorable action of the Congress, on this most critical subject."

## Fifty Years of Quality Education

Texas Tech University in Lubbock opened its doors in 1925 to 910 students and has been growing since. It now has approximately 22,000 students enrolled in six colleges, the Graduate School and the School of Law. There are 128 enrolled in the new School of Medicine.

Academic excellence is the constant goal of the University. This goal has been the motivating force which has contributed to the growth of the institution during the first half century of service.

Matured by the past, Texas Tech looks forward to the challenges of the future as it celebrates its fiftieth year of quality education.

## Funeral Services Set Here Today For Bill Dominey

Funeral for Travis Bill Dominey, 57, will be held at 2 p.m. today (Thursday) at McCoy Chapel of Memories. The Rev. Marshall Stewart, pastor of the Church of the Nazarene and the Rev. Joe Norton, Nazarene evangelist, will officiate.

Mr. Dominey, a retired Celotex Corporation employee, died at 8:55 a.m. Tuesday at Hamlin Memorial Hospital after an extended illness.

He was born Mar. 26, 1918, in DeLeon, son of John Dominey and the late Mrs. Dominey. He married Ila Ellis at Rule Mar. 26, 1938. They moved to Hamlin from Rule in 1941 when he began work in the wall board plant that is now Celotex. He was a mechanic until his retirement in January, 1974.

A resident of Hamlin for 24 years, he was a member of the Masonic Lodge and was an active member of Faith Methodist Church which has merged with First United Methodist Church.

Survivors include his wife, Ila; his father, John Dominey of Holiday Lodge; two sons, John W. Dominey of Coleman, Rodney E. Dominey of Hamlin, one daughter, Mrs. Dan Schuette of Hamlin; one sister, Mrs. Gene Abbott of Albany; and six grandchildren.

Burial will be in Hamlin Memorial Gardens under the direction of McCoy Funeral Home.

Pallbearers will be Bill Foster, Roy Thompson, H. B. Carter, J. D. Wyatt, Doyle McKennon and Floyd Briscoe.

## Funeral Services Held Saturday for Andrew Sparks

Funeral was held Saturday at 2 p.m. in Oak Grove Baptist Church for Andrew Sparks, 51, retired construction worker. He died at 8:35 a.m. June 18 in Hamlin Memorial Hospital after a short illness.

The Rev. Leo Scott, pastor, officiated.

A resident of Hamlin for 16 years, Mr. Sparks was born Sept. 24, 1923, in Bryan, son of Mr. and Mrs. Cleave Sparks.

He married Katherine Warren here March 16, 1946. He lived in McCaulley before moving to Hamlin.

He was chairman of the board of deacons at Oak Grove Baptist Church, was Most Worshipful Master of Masonic Lodge 1000 and a Mason in the St. Joseph Grand Lodge.

Survivors include his wife, Katherine; his mother, Mary Jane Sparks of Holiday Lodge nursing home; three daughters, Mrs. Norma Hooper of Hamlin, Mrs. Mary Ellis of Plainview and Mrs. Alice Owens of Dallas; five sons, James Ervin of Hamlin; John Ervin of Plainview; Joe Ervin of Dallas; Arthur van Zandt and Ike van Zandt, both of Hamlin; four brothers, L. C. Sparks of Bryan, Frank Perry and Thomas Holland, both of Hamlin, and Isaiah Holland of Oakland, Calif.; three sisters, Olivia Kirby, Lola B. Sparks and Willie Waller, all of McCaulley; 23 grandchildren and four great-grandchildren.

Cemetery under the direction of McCoy Funeral Home.

Pallbearers were Bill Cork, James Cork, W. J. Hooper, Belton Hooper, James Covington, James Haigas, Sammy Williams and William Brown.

### Card of Thanks

**CARD OF THANKS**  
Our first BCD Tennis Tournament was held this past weekend and was definitely a success. As chairman of the Goodwill and Recreation Committee of the BCD, I would publicly like to thank the many volunteer workers and my committee members who helped make our tournament a success. Also a big thanks goes to Joe Hudspeth's Tire and Ap-

pliance Co. for donating the tennis balls used in the tournament. Since tennis is a sport that can be enjoyed by all ages, I hope that more tennis courts can be built in Hamlin. More community activities such as these make a more involved community. Sincerely,

Carolyn Weaver

#### CARD OF THANKS

We wish to thank everyone in Stamford and Hamlin who visited us during our stay in the Abilene Hospital and at home. Our special thanks go to Rev. Howard Jones and Rev. Marshall Stewart. Maud and Connie Drake

#### CARD OF THANKS

Our hearts overflow with sincere appreciation for all who expressed their love and sympathy in so many comforting ways during our recent sorrow. We are deeply grateful to all of you.

The family of Andrew Sparks

I want to take this way to express my gratitude to the hospital staff and my friends

**Dear editor:**

According to a small item in the paper the other day, the big countries now having the ability to make nuclear bombs are worried over the sale of nuclear power plants to smaller countries. As I understand it, such power plants are being sold already, and the nuclear powers are trying to figure out some safeguards to keep these small countries from using their nuclear power plants for making bombs along with electricity.

I'm afraid it's too late. Once nuclear power has been discovered by one country and two or three others catch on to how it's made, safeguarding against the further spread of the secret is like trying to safeguard against the spread of the secret of the bicycle.

The problem now is not how to keep some small country most of us never heard of from getting hold of nuclear power and therefore a nuclear bomb, but how to keep anybody from dropping one of the things and starting an all-out nuclear war and destroying three-fourths of the people on earth.

All I know is that there never was a child who didn't want to try out a new toy or a country that didn't want to try out a new weapon, and if that happens now with nuclear weapons scattered all around the world, look out.

The problem then becomes, who among us should be protected against such a holocaust, who should we save in underground fortresses to start civilization all over again? I have given this some thought and have worked up a list.

In the first place, we wouldn't want very many scientists, lest they come out of the hiding place underground and start right back to work figuring out how to make a hydrogen bomb. No, the list should run more to poets, editors, teachers,

**POOL ORGANIZED**  
A risk-sharing pool, authorized by the legislature, was organized last week to help provide a temporary solution to the medical malpractice insurance crisis.

The pool will not begin issuing policies until a plan of

operation is approved by the State Insurance Board.

The Joint Underwriting Association was instructed to have the operating plan ready by July 7. August 3 is the target date assigned by Insurance Board Chairman Joe Christie to place the pool in full operation. The new law directs that it actually be provided insurance to doctors and hospitals by September 1.

**COURTS SPEAK**  
Asking the State Supreme Court to restore an injunction prohibiting a Bell Telephone Texas long distance rate increase, Atty. Gen. John Hill said the company openly claims "unlimited power" to set any rate it wants on such calls.

Third Court of Civil Appeals struck down a district court order that Oak Cliff Savings and Loan Association cannot change its name to First Texas Savings Association.

A Dallas man, through an appeal to the Court of Criminal Appeals, received a

new trial on charges of burning a two-year-old child.

Another Dallas case—for murder—was reversed, on grounds evidence which resulted in a man's life sentence was too weak.

#### AG OPINIONS

Interest from funds transferred to Angelo State University on dissolution of Tom Green County Junior College District may not be used to supplement the president's salary, Attorney General Hill held.

In other recent opinions, Hill concluded:

A district judge would be prohibited from appointing his grandnephew to represent an indigent defendant if compensation is paid from public funds. Also, a district judge should not appoint the district probation officer to represent a defendant in a criminal case.

Unemployment compensation records are, in general, available under the open records act to employing units and claimants.

#### DRIVE DEFENSIVELY—

#### Avoid A Fatal Fourth

AUSTIN — "Of all sad words of tongue and pen, the saddest are these: it might have been." The Texas Safety Association, in cooperation with the Governor's Office of Traffic Safety and the Department of Public Safety, reminds Texas motorists that there is no remedy in remorse following an accident — remorse for one's own carelessness or for having failed to guard against the other fellow's.

Alertness is the key to traffic safety, and the length of this year's July 4 three-day weekend emphasizes this fact. Motorists will utilize the extra time to make longer trips. Many will travel on unfamiliar highways, and may become confused or hesitant. Couple this with increased local traffic and the regular mid-summer influx of vacation drivers, and July Fourth traffic will be of rush hour volume. So stay on top of traffic and road

conditions, follow at safe distances, and above all, watch out for the other guy!

Use your seat belts and shoulder harnesses, and don't forget to protect the children. They can be thrown violently in an accident, and need the protection offered by these safety restraints. While on the subject of juvenile travelers, don't let the children distract the driver. Youngsters get bored easily on long trips, and need books, games or small toys — something that can be safely enjoyed in the back seat — to keep them occupied. Give them a chance to appreciate this holiday and many more to come.

Without your concern, the Fourth can be fatal — either to you, your loved ones, or your fellow motorist. Next year's Bicentennial Fourth of July promises to be spectacular. Texas' safety organizations hope you'll all be around for it.

## Patricia Cowan, Patrick Whiteley Exchange Wedding Vows In Dallas

The Chapel of the Cross, Tyler Street United Methodist Church in Dallas, was the setting for the Saturday evening marriage of Patricia May Cowan and Patrick Levy Whiteley. The Rev. Paul Morrell officiated.

The bride is the daughter of Mr. and Mrs. David Wood Cowan. The bridegroom's parents are Mr. and Mrs. Edward Austin Whiteley of Killeen.

Mary Anne Britt was organist and Bill Bennett was soloist.

Patti Murphree of Irving was maid of honor and Mrs. Robert Hunter of El Centro, Calif., was matron of honor. Bridesmaids were Beth Craig and Mrs. Marvin Keith Jr., both of Fort Worth, Mrs. Larry Gilbert of Houston and Leslie Cowan of Atlanta, niece of the bride.

Larry Gilbert of Houston was best man. Groomsmen were Eddie Whiteley of Austin, Mike Whiteley, of Killeen, both brothers of the bridegroom. Bill Johnson of Dallas, David Stovall and Tommy Gilbert, both of Houston.

Ushers were David Cowan of Atlanta, Joe Cowan of Hamlin and Max Cowan of Walnut Creek, Calif., all brothers of the bride.

Presented in marriage by her father, the bride wore a gown of chantilly lace over taffeta designed with fitted bodice, a ruffle of lace at the neckline, bouffant sleeves with wide fitted cuffs and full skirt edged with wide lace ruffles extending to the chapel train. She carried a white gardenia circled with white rosebuds, blue chrysanthemums and babies'-breath atop a white Bible.

Attendants' gowns of pale blue featured short ivory lace circular sleeves, deep V necklines and attached sashes at the high rise waistline. Each carried two long stemmed white rosebuds.

The reception in the church parlor was hosted by the bride's parents.

June 30 the couple will be at home on Country Creek Drive in Dallas after a wedding trip to Galveston.

The bride is a 1969 graduate of Hamlin High School and received a BA degree in English from the University of Texas at Arlington in 1972. She was a member of Sigma Tau Delta national honor society for English majors and is employed by the Army and Air Force Exchange Service in Dallas.

The bridegroom, a 1969 graduate of Killeen High School, attended the University of Houston. He is employed by the Texas High-

way Department in Dallas.

The rehearsal dinner was hosted by the bride and bridegroom at Holiday Inn in Duncanville.

The bridesmaids luncheon was held in Arlington in the home of Mrs. Mike Murphree with Patti Murphree of Irving and Mrs. J. O. Murphree of Hamlin assisting as hostesses.

Guests were seated at

foursome tables covered with white and blue checked cloths centered with votive cups with blue candles decorated with green fern and gardenias.

The serving table was covered with white with a centerpiece of blue shasta daisies and babies'-breath.

Special guests were the bride's mother, Mrs. D. W. Cowan of Hamlin, and the bridegroom's mother, Mrs. Edward Whiteley of Killeen.

# FROM THE FILES . . .

## FIFTY YEARS AGO

(June 26, 1925)  
Just after noon Monday the people of the North end of Central Avenue were almost shocked by the flash of an automobile, and only the keenest eye could catch the words "Barrow Furniture Co." It was the new ambulance of the company at Stamford. It was driven by Mack Kennedy and was headed for Sweetwater on a hurry call. He took the road from Stamford to Hamlin at 80 miles per hour, but the people who saw him go down the paved Hamlin street called it 90 miles per hour. The ambulance has right to all speeds and either side of the road.

At the Wednesday evening prayer meeting of the Baptist Church, the call for a new pastor was taken up and the vote resulted in asking Rev. Littleton of Cross Plains to take over the leadership here.

The Herald is requested to run the following notice this week and next as advance information that the public will not be inconvenienced by coming to town to trade and find certain stores closed. The following stores and banks will be closed all day July 4. They urge the buying public to make their purchases on Friday, July 3. Nobles-Brown-Wood, Co., York's Variety Store, Hamlin Dry Goods, Co., Strauss Dry Goods, Co., Barrow Furniture Company, The Grey Shop, F and M National Bank, D. J. Payne, Jones Dry Goods, Wall-Young Co., and the First National Bank.

Passenger service on the Orient Railway is to be facilitated by three modern motor car trains which have been purchased from the J. G. Brill Co., of Philadelphia for delivery during the early fall. This first group of trains is to be placed in service on the Texas Division. Two of the trains consist of a combination baggage and express car and one passenger car. The other is a single car for passengers and baggage.

## TWENTY YEARS AGO

(June 24, 1955)  
Swimming pool for the Hamlin community, for years the topic of discussion by scores of people interested in a recreation program for the area, is about to be realized. The pool proper was completed by the Velvin Construction Company of Midland Monday, and water was turned into the pool to set the plaster Monday afternoon. Diving boards, ladders and other pool accessories were to be installed within the next

## RX For Garden Ailments

## WORMING OUT WORMS

When it comes to prescribing for the ailing, the home gardener is very lucky. He needs to use only one effective broad spectrum insecticide to rid his garden or lawn of the bugs that are attacking it.

If you notice irregular dying or dead areas in your vegetable garden, with roots half eaten away, the cause may be wireworms, which gnaw away at roots. Wireworms are slender, shiny, hard-shelled worms often found in the root zone of a garden. They are usually rust-colored and 1/2 inch to 1 inch long. These larvae can spend up to six years in the soil.

Cutworms are another destructive insect which might be causing damage to your vegetables. Cutworms come out at night to chew off plant stems and newly set seedlings at ground level, especially on vegetables and flowers. They are smooth, fat, dull-gray, brown or black caterpillars. During the day they stay curled up in the soil, or hide under trash. The adults are somber-colored moths and are readily attracted to lights at night.

several days. The actual opening of the pool for business will probably be during the first week of July.

Hamlin section continues to be a mighty wet area, with a total of 5.80 inches having been registered by the government rain gauge at the city pump station for the month of June. Monday was the ninth day of the month to register rainfall, which is really something unusual for this region. And, although the rains have caused farmers a lot of extra planting, you will hear no gripes about the wet weather.

Hamlin City Council accepted the low bid of Central Fire Truck Company of St. Louis, Missouri, of \$6,784 on a new unit for the Hamlin Fire Department, when it met in regular monthly business session Tuesday night. The unit is to be delivered within 75 days. The bid is on the truck equipment only. Bid for the chassis was to be opened Thursday morning, cost of which was estimated to be about \$2,000. Additional hose equipment also will be added to the new unit, making the overall cost about \$11,000, city officials estimated.

## TEN YEARS AGO

(June 24, 1965)  
Rainfall here Monday afternoon before 5 p.m. totaled 31 inches. Through Tuesday morning the rain measured .30 bringing the two-day total to .61.

New equipment added this week at the Hamlin Herald is a Journalist Scan-A-Graver made by Fairchild. With this machine pictures may be prepared for printing in the Herald office. With the Journalist, pictures may be enlarged or made the same size when making the plate for printing.

The Hamlin Semi-Pro team will play the Sweetwater Semi-Pro baseball team here Saturday at 8 p.m. at the Pony League Park.

Gary Smith was first and Gary Connally was second in the championship flight of the Jaycee Miniature Golf Tournament held Friday and Saturday at the Jaycee Miniature Golf Course in the City Park. Joe Ford was third. First flight winners were Ewell Mackey, first; Bill Chapman, second; and David Casey, third. Second flight winners were Donnie Jones, first; Daniel Truelove, second; and Peggy Jones, third. Third flight winners were Jerry Joiner, first; Tony Truelove, second; and John Hudson, third.

The annual Celotex picnic for all Celotex employees and retired employees and their immediate families will be held Saturday, June 26, with the evening meal being served at 5:30 p.m. The gathering will use the swimming pool and golf course from 6 to 9 p.m. If it rains, the picnic will be held in the high school gymnasium.

put him on the list?" "No problem," was the reply, "We just give him the prize for coming the longest distance!"

Whether you are a track fan or not you should read the story in Sunday's Abilene Reporter-News about Hamlin's own Bill Cork. Feel sure that most sports fans probably read the article by Robert Heard of the Associated Press that gives a great insight into the pride and determination that this youngster possesses.

Local track fans have seen this pride and desire exemplified by Bill at meet after meet, but it is great to see that someone outside of his own hometown can get charged up over what this young man can do on a track.

And as the article so aptly points out, it goes far beyond just talent — it is Bill's heart and soul that will make him one of the top performers to ever put on a track suit.

## A HAT WOULD BE SO MUCH COOLER!

She must go to the native market for her physical needs. The straw hat would be so much better than the old scarf tied and knotted about her head. Sweet, cool air could come through that straw and that would feel so wonderful in this heat!

Where does she go for her spiritual needs? Is there a church on the island? Does she know that she will be told about a great God there who will help her, guide her, and refresh her?

How fortunate we are in this country that there is a church in every community. Spiritual help, refreshment of soul, fellowship and love awaits all who enter her doors. We invite you to attend Church this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

#### CONG. BURLESON SAYS—

## Welfare Reform Legislation 'More Urgent Than Ever'

WASHINGTON, D. C.—Congressman Omar Burleson (D-Texas), author of a comprehensive welfare reform measure introduced in the House of Representatives on March 18, 1975, described the need for welfare reform legislation in this session of Congress as "more urgent than ever" in light of recent statistics

released by HEW on growth in the AFDC program nationally.

"In its most recent release of caseload statistics," Congressman Burleson noted, "HEW cites an AFDC caseload of 11,239,611—the highest in history. This translates into the fact that one out of every eight children in this country is on

welfare—when it was one out of twenty just eight years ago. In some of the nation's largest metropolitan centers, the ratio has reached an incredible-one in three."

Congressman Burleson joined with 74 co-sponsors in the House and 19 in the Senate to introduce the National Welfare Reform Act, which is designed to save \$1.7 billion in tax funds by closing loopholes and curbing abuses, enabling additional resources to be redirected to the truly needy.

The provisions of the legislation include a gross income limit on those who may qualify for welfare, photo-identification and other fraud control measures, requirements on more effective use of recipient resources, more stringent family support requirements, and tightened work registration and participation rules.

"We cannot permit the caseloads of this nation to include, through usage of existing loopholes, persons with high incomes or persons who refuse to work or support their families," Congressman Burleson emphasized. "This is particularly true when the genuinely needy of this country have to forego grant increases when caseloads swell. Welfare reform legislation at the national level becomes more urgent with every passing day, and I hope to see hearings scheduled soon, followed by favorable action of the Congress, on this most critical subject."

## Fifty Years of Quality Education

Texas Tech University in Lubbock opened its doors in 1925 to 910 students and has been growing since. It now has approximately 22,000 students enrolled in six colleges, the Graduate School and the School of Law. There are 128 enrolled in the new School of Medicine.

Academic excellence is the constant goal of the University. This goal has been the motivating force which has contributed to the growth of the institution during the first half century of service.

Matured by the past, Texas Tech looks forward to the challenges of the future as it celebrates its fiftieth year of quality education.

### Funeral Services Set Here Today For Bill Dominey

Funeral for Travis Bill Dominey, 57, will be held at 2 p.m. today (Thursday) at McCoy Chapel of Memories. The Rev. Marshall Stewart, pastor of the Church of the Nazarene and the Rev. Joe Norton, Nazarene evangelist, will officiate.

Mr. Dominey, a retired Celotex Corporation employee, died at 8:55 a.m. Tuesday at Hamlin Memorial Hospital after an extended illness.

He was born Mar. 26, 1918, in DeLeon, son of John Dominey and the late Mrs. Dominey. He married Ila Ellis at Rule Mar. 26, 1938. They moved to Hamlin from Rule in 1941 when he began work in the wall board plant that is now Celotex. He was a mechanic until his retirement in January, 1974.

A resident of Hamlin for 24 years, he was a member of the Masonic Lodge and was an active member of Faith Methodist Church which has merged with First United Methodist Church.

Survivors include his wife, Ila; his father, John Dominey of Holiday Lodge; two sons, John W. Dominey of Coleman, Rodney E. Dominey of Hamlin; one daughter, Mrs. Dan Schuette of Hamlin; one sister, Mrs. Gene Abbott of Albany; and six grandchildren.

Burial will be in Hamlin Memorial Gardens under the direction of McCoy Funeral Home.

Pallbearers will be Bill Foster, Roy Thompson, H. B. Carter, J. D. Wyatt, Doyle McKennon and Floyd Briscoe.

### Funeral Services Held Saturday for Andrew Sparks

## CONSERVE HER ENERGY

## GO ALL ELECTRIC

The conservation of energy is serious business. This means we should all give careful attention to the manner in which we use energy. In 1974, for the first time, more than 50% of the homes built in the U.S. had electric heat, a major step toward all-electric living. For information on how you can conserve energy while enjoying all-electric living, contact the member-owned electric cooperative.

## CAPITAL HIGHLIGHTS—

# State to Run Short Of Highway Funds

AUSTIN — Texas may run out of money for new highways, according to State Highway Commission Chairman Reagan Houston.

Houston said the financing picture for road building is critical.

"Costs are rising and available financing is not adequate," the Chairman told Texas Good Roads and Transportation Association.

The time may come, he warned, when the state can afford outlays only for maintenance and operation of its highways.

A new study, Houston said, will examine "the widening gap between needed construction and available revenue... the desire for higher levels of transportation service, as well as the need to demonstrate to the public benefits of proposed projects.

New legislation signed by Gov. Dolph Briscoe merged the Highway Department and Mass Transportation Commission into the State Department of Highways and Public Transportation.

### PARK ENLARGED

The state completed purchase of land, nearly tripling size of Lyndon B. Johnson State Park near Stonewall.

A couple accepted \$336,339 for the 133.9 acres of land across the Pedernales River from the late President's ranch. Cost of enlarging the park from its original 269 acres to 717.8 acres will total more than \$1 million.

### ALLOWABLE SET

For the 40th straight month, the Texas Railroad Commission extended the wide-open, 100 per cent oil allowable for July.

However, the East Texas field was again restricted to an 86 per cent allowable. Nominations of major purchases decreased 2,821 barrels—to 4,018,347 barrels daily.

### POOL ORGANIZED

A risk-sharing pool, authorized by the legislature, was organized last week to help provide a temporary solution to the medical malpractice insurance crisis.

The pool will not begin

operation is approved by the State Insurance Board.

The Joint Underwriting Association was instructed to have the operating plan ready by July 7. August 3 is the target date assigned by Insurance Board Chairman Joe Christie to place the pool in full operation. The new law directs that it actually be provided insurance to doctors and hospitals by September 1.

### COURTS SPEAK

Asking the State Supreme Court to restore an injunction prohibiting a Bell Telephone Texas long distance rate increase, Atty. Gen. John Hill said the company openly claims "unlimited power" to set any rate it wants on such calls.

Third Court of Civil Appeals struck down a district court order that Oak Cliff Savings and Loan Association cannot change its name to First Texas Savings Association.

A Dallas man, through an appeal to the Court of Criminal Appeals, received a

## Avoid A Fatal Fourth

AUSTIN — "Of all sad words of tongue and pen, the saddest are these: it might have been." The Texas Safety Association, in cooperation with the Governor's Office of Traffic Safety and the Department of Public Safety, reminds Texas motorists that there is no remedy in remorse following an accident — remorse for one's own carelessness or for having failed to guard against the other fellow's.

Alertness is the key to traffic safety, and the length of this year's July 4 three-day weekend emphasizes this fact. Motorists will utilize the extra time to make longer trips. Many will travel on unfamiliar highways, and may become confused or hesitant. Couple this with increased local traffic and the regular mid-summer influx of vacation drivers, and July Fourth traffic will be of rush hour volume. So stay on top of traffic and road conditions, follow at safe distances, and above all, watch out for the other guy!

Use your seat belts and shoulder harnesses, and don't forget to protect the children. They can be thrown violently in an accident, and need the protection offered by these safety restraints. While on the subject of juvenile travelers, don't let the children distract the driver. Youngsters get bored easily on long trips, and need books, games or small toys — something that can be safely enjoyed in the back seat — to keep them occupied. Give them a chance to appreciate this holiday and many more to come.

Without your concern, the Fourth can be fatal — either to you, your loved ones, or your fellow motorist. Next year's Bicentennial Fourth of July promises to be spectacular. Texas's safety organizations hope you'll all be around for it.
